**We offer:**

- Team building
- Family and friends charter
- Corporate charter
- Incentive charter
- Swimming and sightseeing
- Each route can be tailored to your needs

The content of the travel package defines the price of the package, or correspondingly the price includes everything the tour organizer (the company) stated in the travel program. Additional services are not included in the price and therefore the traveller pays them separately. These additional services should be requested when registering and shall be added to the package price. Additional/optional and special services requested during the travel are to be paid directly to the tourist guide or representative of the company during the tour and in the local currency of the country where the service is provided. Package prices are published in EURO and calculated according to the prices of services in the reference currency based on the selling rate of the tour organizer's commercial bank on a given day. In case of exchange rate variations by more than 2%, the organizer reserves the right to change the prices. The organizer reserves the right to change the prices in case of modifications in the price of accommodation, food, transport and other services, i.e. in case of a change in value of the currencies that are the basis for calculating the arrangement price. Customer consent is not required to increase the package price up to 10% (the increase is calculated on all parts of the payment). In case of a price increase of more than 10%, the buyer has the right to cancel the travel without obligation of reparation.

# About us

**Lastavica Cruising** is a brand founded in 2002, privately owned by Lastavica New Ltd.

In the beginning, for tourist excursions to the Makarska Riviera, the islands of Brač and Hvar and the Kornati archipelago we used 14.5 meter wooden boat which was by its characteristics a typical Štilac boat. Due to expanding our business and tourist offer in order to enable our customers total comfort during longer journeys we started investing in development and modernization of our fleet.

Our ships were the result of the cooperation of high-quality team of experts and Croatian shipbuilders based on the captain's ideas and his experience over many years of sailing.

In 2019, in order to satisfy clients refined cruise expectations we made **M/S Swallow the luxury vessel** features with many state-of-the-art amenities. Its newest navigation and safety systems, modern and fully equipped comfortable air-conditioned cabins with private facilities and Wi-Fi, extra large restaurant with bar, VIP saloon with lounge area, a spacious sun deck with elegant rooftop Jacuzzi, swimming platform along with other fine details, guarantee a perfect cruise.

For the season 2020 we have built ad **new M/S Lastavica, an equally luxurious sister ship of M/S Swallow.**

Year after year, we adjust and expand our offer offerings in line with the growing needs and market demands.

Three basic packages **South Adriatic Cruise, North Adriatic Cruise** and **Central Adriatic Cruise** meet high personal requirements of our guests whether it's family and friends cruise or corporative charter. Also, we are flexible in fulfilling clients' desires in terms of routes and content type.

We are very proud that our business, based on 18 years of tradition, is family-run, and dwe are proud as well as of our crew who will do their very best to accommodate your wishes and make your Croatian cruise highly totally enjoyable.

**Feel free to contact us.  
We are looking forward to your arrival!**

# M/S Swallow

**M/S Swallow** will take you through the narrow waterways into the very hearts of bustling Dalmatian cities, small Croatian island ports and hidden bays of unforgettable natural beauties.

You will have enough time to experience history and culture and at the same time enough time to swim or simply relax if you choose so.

**Enjoy a unique cruise along the Croatian coast...**

**M/S Lastavica** is the latest addition to our growing and versatile fleet of small luxury cruise ships, whose maiden voyage is scheduled for season 2020. Inaugural cruise season is a the very special moment in every ship's life, **M/S Lastavica** being no exemption.

The ship has seen no wear and tear and all of its parts are still in pristine condition, never used before. Who among us doesn't like to be the first to experience something? **Just like M/S Swallow, M/S Lastavica is made to satisfy your refined cruise expectations..**
